Era Vulgaris

[unknown]

I, play the game 'til I'm dead,
Or on a magazine.
I wanna look like I'm dead,
Dancing on strings.
I eat the food when it's there,
Make a mess of things.
Get that blood,
Everywhere.
But keep that blood,
off my face.
(Chorus)
[Everybody else wanna fall in love, there's no room for love in a modern sky.
Living in the Era Vulgaris,
Just drool in the dark as you stare at the lights.]
From a crumbling tower,
I've seen everything.
London, Tokyo,
New York City.
There's no love.
There's no love!
There's no love,
Anyplace!

(Chorus)
Are we,
Creatures,
Helplessly attacking reputation?
Over,
Over,
Left with who we are.
Did you tell anyone,
Did you tell,
Anyplace?
(Chorus)
Da da da da du da da da du da da da du da da da.
Living in the Era Vulgaris,
Just drool inthe dark as you stare at the lights.
Just stare at the lights.
Just stare at the lights.

Just stare at the lights
