

# Toast To The Fam

## Boondox

(Verse 1)

Im tore up from the mothafukcin' floor up  
Golden grain to the brain  
Not really given no fuck  
A sloppy truck bed  
Huggin' ery' damn body  
Half a fifth of jack  
I'm bout' to get this bitch buck rowdy  
A juggalo scarecrow with a big bong  
Chuggin' southern comfort in my drawers  
Playin' beer pong  
Hit the bar for a couple shots of 3 V  
Put ya bottle in the air and toast to the family

(Chorus) X2

Everybody c'mon we gon sing a song  
I'll grab a bottle you grab a bong, we gon  
Get lit til' the sun come up  
And imma toast to the fam with a dixie cup (alright)

(Verse 2)

All i know is in this bitch  
Lets get it on and poppin'  
Y'all molest no regrets  
Lets see them panties droppin'  
And it don't matter if you smoke or if you drink  
If you pour a little water, fire up a little dank  
Roll a blunt light it up  
And imma pour a glass  
You get high and I get drunk  
And then i meet yo' ass  
Somewhere in the middle somewhere on the other side  
From east coast to west everybody gettin' country fried

I'm drunk, you high, come on, we'll fly  
Somewhere, down there, down south  
And we won't have a damn care

(Chorus) X2

Everybody c'mon we gon sing a song  
I'll grab a bottle you grab a bong, we gon  
Get lit til' the sun come up

And imma toast to the fam with a dixie cup (alright)

(Verse 3)

I'm home so take me drunk again

You stoned i hope this shit don't ever end

Me shakin' mystery in a cup with somthin' tan gray

(where the fuk'd u put ma car?)

What'd the fuck you say?!

I don't know but this shit is got me all blown

My head is achin' like I'm smokin' on some home grown

I need another shot

And make that shit a fuckin' double

And pass my fam the blunt

I want them fuckers high as hubble

When juggalos up in this bitch

We drink and smoke all night

We gettin' tore down

And swing our fuckin' hatchets high

(Chorus) X2

Everybody c'mon we gon sing a song

I'll grab a bottle you grab a bong, we gon

Get lit til' the sun come up

And imma toast to the fam with a dixie cup (alright)
