

# Starting Over

**Evan Taubenfeld**

Flat on my back  
Soak up the sun  
Counting from zero up to one  
And I like it, I like it  
Can't understand a word he said  
I'm humming along radiohead  
But I like it, I like it  
[Chorus:]I'm floating away  
On wings that I borrowed  
I'm leaving today  
Come back tomorrow  
When I'm starting over

Cleaning the slate  
And morning tea  
High in the clouds above the seas  
Is where I'll find it, I'll find it  
Calling the race is much too soon  
It's not int the start but follow through  
And I'll find it, I'll find it  
[Chorus]If seeing is believeing I would never make it alone  
There's something I'm receiving faith so I can walk the unknown  
[Chorus (x2)]
