A Man Like Me

Poco

I remember when, ooh, I met you
I let you say what was on your mind
My mind weren't weak
Two young lovers, yes baby, it was you and meYou sang a sweet, sweet song
I thought the feeling was inside
I was not aware that you was
Taking me for a rideOoh, slow down the weather's hazy
Baby, you're drivin' me crazy
You know nobody ever gets home a ridin' free
And you'll never find another man, a man like meYes I remember when, ooh, I met you
You was only too kind to show me the way
You seemed to me like no other
It was innocent love that made me believeNow down that long, long road
We have come yet to begin
Take some, try to get some love and then you better
Take some againOoh slow down, the weather's hazy
Baby, you're drivin' me crazy
You know nobody ever gets home a ridin' free
And you'll never find another man, a man like meOoh slow down, the weather's hazy
Baby, you're drivin' me crazy
You know nobody ever gets home a ridin' free
And you'll never find another man, a man like me
