All In The Way

Earth, Wind And Fire

If it's been just one of those days for you
Like it's been just one of those days for me
And the chaos is taking a hold on you
If the sky feels like it's falling on you
And the world feels like it's the end come true
Everybody, is making the worst of you
And there's nowhere to run and there's nowhere to numb the pain
Chorus:
It's all in the way you smile, all in the way you dare
All in the way you search for the sun in your day
In the way you dance, so baby take a chance
There is a whole lot of sonnets coming your way
(Repeat)
It's all in the way (4xs)
When your ?? got thrown in the lost and found

And the ? to fight is a long way home
Look around you'll find that it ain't so bad
If you don't start now then you might regret
"cause the answer is all in the way you care
With a smile you can run and the sun where to numb the pain
Chorus
If it's been just one of those days for you
Like it's been just one of those days for me
And your troubles are making a mess of you
With a smile you can run and the sun where to numb the pain
Chorus
If it's been just one of those days for you
Like it's been just one of those days for me
And your troubles are making a mess of you
