

# Bleed Well

## Him

You had demons to kill within you screaming  
With a gun loaded with guilt you opened their eyes  
Love preys the living and praises the dead  
In the heart of our hearts by death we were wed  
Bleed well the soul you're about to sell for passion deranged  
Kiss and tell, baby, we're bleeding well  
Bleed well the heart you're about to fail for reasons insane  
Kill and tell, baby, we're bleeding well in hell  
?No love lost under her will?, I heard you weeping  
And on those words a church was built to keep the pain in  
If death is the answer to love's mysteries  
Then bleed on my darling to the sound of a dream  
Bleed well the soul you're about to sell for passion deranged  
Kiss and tell, baby, we're bleeding well  
Bleed well the heart you're about to fail for reasons insane  
Kill and tell, baby, we're bleeding well in hell  
Bleed well the soul you're about to sell for passion deranged  
Kiss and tell, baby, we're bleeding well  
Bleed well the heart you're about to fail for reasons insane  
Kill and tell, baby, we're bleeding well in hell  
Oh, we're dying in hell, hell, hell  
We're bleeding well in hell
