Fairly In The Money Now

The Undertones

Tommy always said he would make it one day
Lead singer in a top show band
So with some friends made up tunes to play
Tommy Tate and the Torpedoes beganSoon they were the rave of all the high school hops
And satin suits all dressed to kill
Soon Tommy's boys became top of the pops
But then the money came over the hill
But then the money came over the hillAll the cash to spend on their girlfriends
Howard Hughes is missed a turn there
And in their interest
Are manager's requests
They all bought the ranchesAll the cash to spend on their girlfriends
Howard Hughes is missed a turn there
And in their interest
Are manager's requests
They all bought the ranches
