Like A Killer

Scarling

Like my father Dodging army coat He never thought that I'd sink or float I'd be dismissed By fear or fist Which made me angry Like a classmate My name on his desk I liked him better Coz he's on my chest He said I'm wrong Now move along Rejected - angry Oh, oh, oh, oh, oh Nothing like love, sex Everything, its all or nothing Oh, I would kill anyone for you Like a liar Oh what have you done? No happy ending Kitten with the gun Fought tooth and nail To no avail Frustrated - angry

Like a sister,
Never good enough,
So I was weird
Over fed and deaf
With wounded words
It sounds absurd
That left me angry
Oh, oh, oh, oh
Nothing like love sex
Everything, its all or nothing
Oh, I would kill anyone for you.
Love drug, I'm not in love,
It's all, all, all sex, apathy,
Oh, I would kill anyone for you.

You're like a killer
In the dead of night
You rip me open
And I will not fight
For on this day
I will just lay
Quiet, not angry
Quiet, not angry.
