

Juggalo Anthem

Blaze Ya Dead Homie

(Violent J)

Killas kick the anthem like this
Juggalos up in this bitch, up in this bitch
Killas kick the anthem like this
Juggalos up in this biiiitch, blaze(Blaze Ya Dead Homie)
G's up, ridin' from the cradle to the casket
And beyond, recognize thug shit
Poundin' out the trunk bitch
Runnin' wit' a mother fuckin' hatchet
you haters, you suck dick was a thug, became a G
B to the L to the A, Z, E, still dead
Still don't give a fuck (give a fuck)
Sportin' all black kahkis with the mother fuckin' cuffs up
Smokin' Hella trees, tryin' to make a couple G's
So a thug can get back on his feet
Mean muggin', steady thuggin'
And I'm tryin' to find the hoodrat's all about fuckin'
Still looked out
All my dawgs from the past, dead or smoked out
Still tryin' to come up on a lick for a phat ass ride
So I can drop the top, and parlay through the east sideChorus(Monoxide Child)
Niggas kick the anthem like this
Juggalos up in this bitch, up in this bitch! x 4(Blaze)
Bitches freeze, you aint a thug or a G or a banga'
You's a studio gangsta
You aint about shit, scared to pull the trigga'
That's what we call, a real bitch nigga' (bitch nigga')
Sneekin' through the hood, throwin' up a set
Hangin' out the window, yellin' idol threats
Check this out, I'm a check your chin
Close your mouth, 'fore I put the barrel in
Dumpin' clips in yo ass is what I'm all about
Straight G from the clique on a paper route
Still slappin' off fake bitches with the Louville
Beat a nigga' to the pavement, another bitch killedChorus(Monoxide Child)(J
