

# Off the Wagon

## L7

I don't know her  
Ooh Been dry long enough  
My brain and body need some abuse  
Rake me over the coals  
And I'll try to think of an excuse I set a goal and it won't be hard  
Hit every bar on the boulevard  
Bad idea, yea you're probably right  
But I won't be your designated driver tonight 'Cause I'm  
Off the wagon and on the town  
Off the wagon and on the town  
Off the wagon and on the town  
Off the wagon Just how much I've embarrassed myself  
Well I haven't got a clue  
Did I throw a drink in your face  
Or tell you how much I love you? Oh shit, I lost my id  
Hook up the Jagermeister I.V  
Bad idea, yea you're probably right  
But I won't be your designated driver tonight Off the wagon  
I'm off the wagon  
I'm on the town, off the wagon  
Off the off the wagon wagon wagon wagon, wee Set a goal  
Hit every bar  
Bad idea  
Designated  
Alright, alright Off the wagon and on the town  
Off the wagon and on the town  
Off the wagon and on the town  
Off the wagon I'm on the town off the wagon  
I'm on the town off the wagon  
I'm on the town off the wagon  
I'm off the wagon wagon wagon wagon Off the wagon and on the town  
Off the wagon and on the town  
Off the wagon and on the town  
Off the wagon, ooh That's it
