

Sick of It All

I want you to feel it
I want you to mean it
I don't want a closed mind which would
Just bring us down Hit you right and hit the intellect
Hit you where it has some meaning
Understanding the philosophy
Know and see the fundamental history 86 - 86 Hardcore rebuke
Negative element - turn bad to good There's so much to offer
So often looked over
Mistaken outsiders just see all the anger Stay outsiders and stay that way
In your only dimension
We'll enjoy all the benefits
This community will keep it in the family 86 - 86 Hardcore rebuke
Negative element - turn bad to good
Turn bad to good Foolish action 86 - 86
Macho faction 86 - 86
There's a dunce in the bunch, grab your shit
Hit the bricks
There's a dunce in the bunch, grab your shit
You're 86 Are you self conscious?
Think we're forgiving unneeded schisms?
NO!
