

# Siamese Twin

[D.A.D.](#)

Huh, c'mon tell us about her  
She is two of a kind and she is mine and I tell you I love her  
She is a six hole golf course, uh uh uh, I need her  
Double days and double nights, triple beds is double alright  
A love story, new and improved that I want her 'Cause I've been with a Siamese twin, Siamese twin  
Yeah, I've been with my double friend  
I've been with a Siamese twin, Siamese twin  
I've been with my double friend To save myself for trouble, I went for a double  
Not just the hype of a stereotype but a real nice couple  
Latin, Nordic or Asian, don't care which nation  
Twin towers, happy hours, I love her 'Cause I've been with a Siamese twin, Siamese twin  
Yeah, I've been with my double friend  
I've been with a Siamese twin, Siamese twin  
Yeah, I've been with my double friend Yeah, give me happy hours Huh, I've been with a Siamese twin, Siamese twin  
Yeah, I've been with my double friend  
I've been with a Siamese twin, Siamese twin  
Yeah, I've been with my double friend
