

Love Hurt Bleed

Gary Numan

I've seen all I want
And I've seen all I need
And I've seen everything
And I know everything bleeds Everything bleeds
Everything bleeds
Everything bleeds
Everything bleeds
Everything bleeds I've heard things I love
And I've heard things to feed
And I've heard everything
And I know everything bleeds Everything bleeds
Everything bleeds
Everything bleeds
Everything bleeds
Everything bleeds Do, do you know my name?
Do, do you know what I've shamed?
Do, do you think I'm lost?
Do, do you think I care? Everything bleeds
Everything bleeds
Everything bleeds
Everything bleeds
Everything bleeds
Everything bleeds
Everything bleeds
