

# Irreplaceable (Album Version - Rex Rideout Mix)

## George Benson

So, so irreplaceable  
This love is so, so irreplaceable  
(All I need)  
So, so irreplaceable  
My love is so, so irreplaceable  
(All I need) Everyday my joys are like a waterfall  
Little things you do like a simple call  
And my night is something like a miracle  
Baby girl, you're feeling me too Had a vision 'bout the river flowing me  
In a clear blue sky  
The way you found me  
And wrapped around me  
Angel you answered my cry  
Wonderin' to through the search  
Lonely think of it  
Searchin' for the best  
With the comfort of your ears Girl this time there's no mistake  
You got my heart banging  
Like I lead a way  
More than just sensational you are  
Irreplaceable [Chorus]  
Think I wanna make you mine  
Take a vow and dedicate my love to you  
You are so simply irreplaceable  
Irreplaceable  
Love you 'till the end of time  
Promise I'll be spending all my life  
Just making you happy  
So irreplaceable you're all I need So, so irreplaceable  
This love is so, so irreplaceable  
(All I need) I can see the future as I fantasize  
There's a baby boy with your pretty eyes  
And the little girl who makes the world of you  
Baby girl, you seeing it too Had a vision 'bout the river flowing me  
In a clear blue sky  
Oh my, the way you found me  
And wrapped around me  
Angel you answered my cry With a view from inside  
Well it must in your eyes

God made you so beautiful  
Wonderin' to the search  
Lonely think of it  
Searching for best  
With the comfort and your ease Girl this time there's no mistake  
You got my heart banging  
Like I lead a way  
More than just sensational you are  
Irreplaceable [Chorus]  
Think I wanna make you mine  
Take a vow and dedicate my love to you  
You are so simply irreplaceable  
Irreplaceable  
Love you till the end of time  
Promise I'll be spending all my life  
Just making you happy  
So irreplaceable you're all I need All I ever wanted was a girl like you  
So take this ring and say I do (I do)  
Heaven must so blessed  
It's 'cause of love so rare  
It's beautiful, it's priceless, it's beyond compare. All I ever wanted was a girl like you  
So take this ring and say I do (I do)  
Heaven must so blessed  
It's 'cause of love so rare  
It's beautiful, it's priceless, it's beyond compare [Chorus: x2]
