# Have Faith in Me

## A Day to Remember

Have faith in me
'Cause there are things that I've seen I don't believe
So cling to what you know and never let go
You should know things aren't always what they seemI said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, againI'm going crazy
'Cause there are things in the streets I don't believe
So we'll pretend it's alright and stay in for the night
What a world
I'll keep you safe here with meI said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, againI said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, againThey've got me on the outside, looking in
But I can't see at all
With the weight of the world on my shoulders,
They just wanna see me fallThey've got me on the outside, looking in
But I can't see at all
With the weight of the world on my shoulders,
They just wanna see me fallHave faith in meI said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, againI said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, againI said I'd never let you go, and I never did
I said I'd never let you go, and I never did
I said I'd never let you go, and I never did
I said I'd never let you go, and I never did
