

Heart's Beating Faster (feat. Ethan Thompson)

Ferry Corsten

The night is young, but we're bold
Reaching hands to take hold I don't know if we're finding love
I don't know if you are the one
But since we touched, I just know
That my heart's beating faster Yeah, my heart's beating faster
Yeah, my heart's beating faster
Yeah, my heart's beating faster I don't know if we're finding love
I don't know if you are the one
But since we touched, I just know
That my heart's beating faster Your lips are close, bodies closer
Feel the high, taking over I don't know if we're finding love
I don't know if you are the one
But since we touched, I just know
That my heart's beating faster Yeah, my heart's beating faster
Yeah, my heart's beating faster
Yeah, my heart's beating faster I don't know if we're finding love
I don't know if you are the one
But since we touched, I just know
That my heart's beating faster
