

Come Back Liza

Harry Belafonte

Whenever I'm away from Liza, water come to me eye
Every time I'm away from Liza, water come to me eye[Chorus]
Come back Liza, come back girl
Wipe the tear from me eye
Come back Liza, come back girl

Wipe the tear from me eye When the evening starts to fall, water come to me eye
I need to hear my liza call, water come to me eye[Chorus] Standing here in the marketplace, water come to me
eye
I need to see my Liza's face, water come to me eye[Chorus] Whenever I'm away from Liza, water come to me
eye
Whenever I'm away from Liza, water come to me eye[Chorus]
