

What's My Name

Brian McKnight

Tell me when was the last time you were truly satisfied
And if Im wrong then tell me that it wasnt with me
Thought its been a good while, girl you know Im still qualified
To lay hands on your body like it used to be and, oh I didnt know you were missin me so much
Girl you knew what would happen when we touched
Im not in a hurry theres no rush
And Im not gonna stop 'til you get enough Whats my name? Can you say it?
Whats my name? Stop playin'
Whats my name? I need to hear it
Whats my name? Can you feel it?
Whats my name? So excited
Whats my name? That you like it
Whats my name? I need to hear you say it, oh See I know what you want, girl you know I aim to please
I could put in less work but thats not my style, yeah, oh
Pushin past real good, takin you to ecstasy
When its all said and done, I wanna see you smile
Oh, how I long to see you smile I didnt know you were missin me so much
Girl, you knew what would happen when we touched
I am not in a hurry theres no rush
Im not gonna stop 'til you get enough Whats my name? Can you say it?
Whats my name? Im not playin'
Whats my name? I need to hear it
Whats my name? Can you feel it?
Whats my name? So excited
Whats my name? That you like it
Whats my name? I need to hear you say it, oh Baby all I want to do is put a smile upon your face
Make it last so that it cannot be erased
When you want this to stop just let me know
Gonna take it nice and slow Im wanna tell you that Im also glad you came
And I know you feel the same
Every time you want me, you know where to go Whats my name? Sugar whats my name? Yeah
Whats my name? Listen, whats my name? Your feelin me and its not just words
(Whats my name?)
Im whispering things in your ear that you never heard, oh yeah
