

Eat Yourself

Goldfrapp

If you don't eat yourself...You went south on the train
She wore plastic boots for rainWho will I be when I'm with you again?
Silver jet in the sky
You were the pain
Got a song, gotta sing, for lifeIf you don't eat yourself...If you don't eat yourself
You will explode insteadCause I never loved you so
When I know you don't love meWho will I be when I'm with you again?
Silver jet in the sky
You were the pain
Got a song, gotta sing, for life
