Keep it right thereBaby whatcha doing
You got me going out my mind
Girl the way your hips are moving
Gonna make me find a room tonightWhen I step to you girl these thoughts they make me
(It's gonna be a long night)
The way you're looking at me is so damn sexy
(And I just wanna tie you up)[chorus]
Nasty girl - Look what you do to me
Nasty girl - I want you here with me
Nasty girl - Wanna do you all night
You're Nasty, You're Nasty, You're Nasty GirlBaby start undressing
Ain' t no one's here but me and you
The way your dress lays on your body
