Kelly Clarkson

This situation, if it gets any deeper could be critical
I'm not your love monkey so be taking back all the lies you sold

What did you want me to be (yeah)

It's just too much now

So tell me so tell me so tell me one two three four

CHORUS

[So what's your evil attitude

When you got me spending my time pleasing you

Why must you keep me underground

Tell me tell me, why you wanna bring me down?

Is it too much to give a damn

When I'm giving you one hundred and ten

Don't blink cause I won't be around

Tell me tell me, why you wanna bring me down]

Now your transmission is on the negative

You're on a losing streak

This information is getting ordinary and you're losing me

What's with your hostility when the lie's on me?

Well you're down to the last chance

So tell me so tell me uno dos tres cuatro

[CHORUS]

Was it all just a waste of time

I don't wanna spend my whole life thinking bout it

Baby this is where I draw the line, I think I'm done

[CHORUS]
