

Keep Walking

Vic and Gab

Don't say more
Don't stall go
It's your turn
I've let go I'm quite now
You scream shout
Like somehow
It will make me turn you around Oh oh no, oh oh no
Keep walking
Until you run out of road Don't say more
Don't stall go
It's your turn
I'm my own I'm quite now
You scream shout
Like somehow
It'll make me turn you around Oh oh no, oh oh no
Keep walking
Until you run out of road Rush out you're lingering faster faster
Rush out you're lingering faster faster Oh oh no, oh oh no
Keep walking
Until you run out of road
