

Calming the Snake

Sonic Youth

Come on down, down to the river
Come on down, I wanna feel you shiver
Dark on the edges, golden on top
Floatin' down the river, you're so hot
Come on down, down to the river
Come on down, I wanna feel you shiver
The sight of death is sure to deliver
Come on down, I wanna hear you quiver
Corpses, drapery, rustling
Sliding, sliding, sliding
Endless shiver
