

# Overcome the Grave

[Tori Harris](#)

Let nothing disturb you  
Let nothing frighten your soul  
For all things are passing  
And God is in control  
Patient endurance obtains all things  
And with God, nothing is wanting  
He alone will suffice, for our God is the author of life  
In all things be unafraid for He has overcome the grave  
Our God has overcome the grave  
Let nothing discourage, let nothing cause you dismay  
For the Lord is Your strength and He walks before Your way  
Patient endurance obtains all things  
And with God, nothing is wanting  
He alone will suffice, for our God is the author of life  
In all things be unafraid for He has overcome the grave  
Our God has overcome the grave  
Peace I give to you, not as the world gives but as I give  
Peace I leave with you, let not your hearts be afraid  
He alone will suffice, for our God is the author of life  
In all things be unafraid for He has overcome the grave  
Our God has overcome the grave
