

My Smile Is a Rifle

John Frusciante

My smile is a rifle
Won't you give it a try?
So we like the way we dance baby
When notes come to you
I know i love you
You're all i seeMy smile is a rifle
And what are you?
My smile is a rifle
I'm pointing it at you
My smile is a rifle
You'll know when you bring me in from the rain
