

Cranekiss

[Tamaryn](#)

Love wind around me
Peel you
A round heart
Love wind around me
Tongue tied
Pulled through Lovers at the wrong kiss
And on the wrong tongue
I'm always at the wrong pace
I'm at the wrong time I know you feel me burn up
Just like the heat of the sun
I know you feel me burn up
I'm charmed to kiss you long
I know we faded all along You've seemed to move on now
Forget what you wanted
Take what you want
Get what you want
I've seemed to move on now
Forget what they wanted
I take who I want
Do what they want Love wild Pull me in I'm falling
