

# Fun In the Sun

Linus Young

Feeling like the only  
I don't wanna be set free  
I can't even feel my mind  
It's gone so I just say I like the way it says down  
And I like the way you hold me  
I can't even feel my head  
I can only hear my phones  
And it goes like  
And it goes like  
All I need is fun in the sun Feeling kinda hot nailed  
I finally feeling my nail  
All I need is fun in the sun  
All I need is fun in the sun  
Say  
Follow me when our dreams come true  
Follow me there is something for you  
Hold on tight we're going to another place  
Wait until we get there  
You will want to stay  
All I need is fun in the sun
