

I Am a Vampire

Right Away, Great Captain!

I am a vampire
I am a vampire
I am a vampire
And you're my dark angel
I am a vampire
I am a vampire
I am a vampire
And you're my dark angel
With black and broken wings you fly
Into the night
With black and broken wings you fly
Into my heart
I am the wolfman
I am the wolfman
I am the wolfman
And you're my next victim
I am the mummy

I am the mummy
I am the mummy
Gonna have to unwrap me
With black and broken wings you fly
Into the night
With black and broken wings you fly
Into my heart
I am a vampire
I am a vampire
I am a vampire
And you're my dark angel
I am a vampire
I am a vampire
I am a vampire
And you're my dark angel
Yeah you're my dark angel
Yeah you're my dark angel
Yeah you're my dark angel
