

# Baby Roulette

## Chiddy Bang

CHORUS (TRAIN):

I hope you know that I'm for real  
My love is Super Size, ain't no Happy Meal  
But if I'm gonna stay (Got to wear a glove if we're gonna make love)  
I don't wanna play  
Baby roulette  
Baby roulette

VERSE 1:

Yeah uh, we used to get it into college  
I ain't learn shit, forgot a lot of knowledge  
The snow bunnies had the odds, boots would love swoops  
You fall in love with them business majors that love suits  
But shorties great right? This how we play live  
Sent her a message like insomnia in on the late night  
I know there's sharks in the water, but fuck a great white  
My girl won't know you said you go to Penn State right?  
We playing baby roulette  
So I delete all the messages I ain't save in the text  
Next, they can't wait to hear a player confess  
But shortie, you bullshit and remove that layer of dress  
Yes, and this is that crazy shit  
I think that it is that I'm gonna have a baby shit  
But just one person I cannot have a baby with  
Just pass the blunt cause baby I ain't gonna babysit

CHORUS (TRAIN):

I hope you know that I'm for real  
My love is Super Size, ain't no Happy Meal  
But if I'm gonna stay (Got to wear a glove if we're gonna make love)  
I don't wanna play  
Baby roulette (yeah it's like)  
Baby roulette

VERSE 2:

Yeah uh, and maybe it's the way I'm loving her lady lips  
Part time waitress chick saving tips  
And I'm still up on some Pretty Much Amazing shit  
So roll a window up, baby we finna take this hit  
We on the top floor, that's what the game bring  
My love is Super Sized, and I'mma let Train sing  
And could we chill what we do is what you assume  
Late night I just hit, but her roommate was in the room  
Like damn, could we do this every weekend?  
The baddest chicks on campus, I need them

And I don't hate the women, so I'm prepared for love  
But if we make it then of course I'm gonna wear a glove  
I'm your savior, I'mma text you when I can  
She falling for me, so I'm gonna catch her when I can  
And when I call you we back on, loving you with the strap on  
A bald head in the winter, I keeps my hat on  
CHORUS (TRAIN):  
I hope you know that I'm for real  
My love is Super Size, ain't no Happy Meal  
But if I'm gonna stay (Got to wear glove if we're gonna make love)  
I don't wanna play  
Baby roulette  
Baby roulette
