

Livin' the Dream

Drake White

Everybody say we wouldn't make it baby
Love don't live around here much lately
Times are hard and hearts break like the bank
Aw yes they do
Lots of reason just to give it on up
Leave your soul on the shelf collecting dust
Live in a world of broken promises and empty tanks
Aw but look at us

Look at us with a picket fence
Don't got a lot of money but we're makin' a dent
Old Ford truck with a dog in the back
Now, ain't we livin' the dream
Big blue sky, green, green grass
Ain't doing half bad for a half full glass
Kiss me baby
Yeah, just like that
Now, ain't we livin' the dream

Put on a little ole Keith Whitley
Back porch dancin' singin' with me
I'm no stranger to the rain, no, no we ain't
Pour a little bit of homemade wine
Make some love, take our sweet time
Why the hell do we complain

Look at us with a picket fence
Don't got a lot of money but we're makin' a dent
Old Ford truck with a dog in the back
Now, ain't we livin' the dream
Big blue sky, green, green grass
Ain't doing half bad for a half full glass
Kiss me baby
Yeah, just like that
Now, ain't we livin' the dream

Oh yeah
Oh baby, ain't we livin' the dream

Look at us we got a life down here

Outlaws, in-laws, coolers of beer
Spot on the wall to hang last year's deer
Now, ain't we livin' the dream
Red, white and blue flag hangin'
Kids in the back just a tire swingin'
Fireworks a booming and banging
Now, ain't we livin' the dream

Look at us with a picket fence
Don't got a lot of money but we're makin' a dent
Old Ford truck with a dog in the back
Now, ain't we livin' the dream
Big blue sky, green, green grass
Ain't doin' half bad for a half full glass
Kiss me baby
Yeah just like that
Now, ain't we livin' the dream

Oh, oh
Yeah

They say we'd never make it baby
Love don't live around here much lately
What do you think about that?
