Black Lodge

Anthrax

Worship the ground, you barely walk on You give of yourself but your angels are goneDeny, your body is screaming But your heart and your soul, they're bleeding Just to fall asleep is a godsend Until your demons appear again am a witness to your demise Your biggest secret is one you can't keep Lift up your head if you're only asleep You try to hold onto reason Why can't you see that you're leaving My love for you knows no distance But it can't fight your resistanceI am a witness to your demise I am the one who saw through the liesGive me, the one thing you can't give Take me to the black lodge where you live Give me, the one thing you can't give Take me to the black lodge where you liveDeny, your body is screaming But your heart and your soul they're bleeding Just to fall asleep is a godsend Until your demons appear againI am a witness to your demise I am the one who saw through the lies My love has always been blindGive me, the one thing you can't give Take me to the black lodge where you live Give me, the one thing you can't give Take me to the black lodge where you liveWhere you live, where you live
