Maybe I'm Right

Pete Yorn

Cadillac Boy
And all he wants to do is work
How can you make him feel?
I was let down in your photographic whirl
I was in love with it
It's so much harder
Than this
So much harder
Than this
I was in the door
Didn't feel like doing work
We're staring out
We're starting now
You see me go
You feel like doing work
We're starting now
We're starving now
I let you go, you never put me out
Stop it now
Just stop now...
And say, "I will."
Say, "I will."
Maybe I'm right
Maybe I'm right
Maybe I'm right on, right on, right on
You see me go and you feel like doing work
We're staring now
We're starting now
I let you go, you never put me out
Stop it now
Just stop now
And say, "I will."
Just say, "I will."
Maybe I'm right
Maybe I'm right
Maybe I'm right on, right on, right on
I said, "Hey, baby, baby, baby, I'll take you tonight."
And I'll see you on the other side, sugar
Your pleasant face, your crooked smile

Maybe tomorrow is a lifetime away...
