## Doe B

[Hook]

I'm a young nigga getting money, betta kno it

Watch costs a car I ain't frontin, betta kno it  
Imma walk in a star that's nothin, betta kno it  
Brand new yoppa witha hunnid, betta kno it

Them niggas just talkin they don't want it, betta kno it  
Sparkles on the bottle keep em comin, betta kno it  
Blow a hunnid thousand it aint nothin, betta kno it[Verse 1]

I'm a dead man walkin'  
Cause I keep a lot of dead presidents on me  
I ain't rich, homie, but I'm gettin' rich, homie  
S550, AMG kit, homie  
Your whip should have been foreign  
Your bitch ain't she should have been foreign

She like girls, I like girls, we got a lot in common  
She only fuck with me cause I get a lot of money

But if you got it, ain't trickin  
Lil' nigga, I got it, I ain't trippin'  
One show, get it back, thirty minutes  
Do a show, blow the rest, thirty minutes  
Fuckin with the big Booty hoes  
In the strip club, throwing money to her clothes  
Cuban link around my collar, I'm a big dawg  
Nigga, (????) what the fuck are those?

I'mma take a trip out to Mexico  
Tell Pablo I'm back to sellin' dope  
I'mma pour a 4 can't catch a cold  
And I'm iced up like an eskimo  
Real diamonds on my rist, look!  
Dis this type of shit dat get yo' bitch took  
Thousand dollar frame D cutter, yeah!  
And if he do the same he a hunter too[Hook]

Self made nigga, no co-signs  
Fifty racks on the AP, no dimes  
I Aint frontin baby don't goes right
