

Drive It All Over Me (Remastered Version)

My Bloody Valentine

Cover up your windows
Close up all the doors
Time has come for me to really shine
Pick myself up off the floor
Things that'll make yourself cry
Can be tied above the well
Helplessly withering away
But I'll never ever tellRun run away run run away
'Cause there's nothing left to say
Got no one to talk to
Leave me alone and have me to die today
Run run away run run away
'Cause there's nothing left to say
Oh, the travel always gets me
Get in the car and drive it all over meCruelty in the winter
Happy when you're down
Pulling faces running after me
And we're sleeping underground
I didn't mean to hurt you
Didn't mean to make you sad
Wandering through all the memories
Of the good times that we hadWelcome to the fun time
We're so happy here
We've no minds, we might as well be blind
We can lie together here
You can come down and join us
You're more than welcome to
Even though it's painful to the ears
But it might not all be true
