Three Words (Under Ordinary)

Blowsight

Well I look you up in my blue dictionary
Three words under ordinary
Tells a little story about you
Well they try to force me into things but I don't
Really want to go
I'm just a poor motherfucker with a future in hell
Doing things wrong, and doing it all so wellWell please excuse me if I don't want to be where you are
You're in my dictionary, three words under ordinary
You're nothing special, I wouldn't even save you at war
You're in my dictionary, three words under ordinaryBut the girl you see, she's everything you'll never beSo if you focus now results may vary
I could be the one to care
We'd find a waterfall and then escape
The world is not for sale so take it back
Oh look the war is on I lack in all the stupid words without a shape
Yes, without a shape
WellNow please excuse me if I don't want to be where you are
You're in my dictionary, three words under ordinary
You're nothing special, I wouldn't even save you at war
You're in my dictionary, three words under ordinaryBut the girl you see, she's everything you'll never be
Oh, she's everything you'll never beI'm keeping it to myself, yeah
I'm gonna keep it to myselfGin & Tonic, made you fake it
It's ironic, time to break itWell please excuse me if I don't want to be where you are
You're in my dictionary, three words under ordinary
You're nothing special, I wouldn't even save you at war
You're in my dictionary, three words under ordinaryPlease excuse me if I don't want to be where you are
