Fascinated

Mel Jade

Here among the daffodils
Underneath the coffee spills
The dandelions decide to take a bit of your sunlight
You think there's nothing beautiful
Its simply being beautiful
But everything you do is full of everything I love
And you..... keep me fascinated
Get it out and let me in
While I'm not for burnin out I'm fadin away
Somewhere underneath this sea of me
There lies some poetry
That said the perfect way, ring inside your ear for days
And underneath some April shower
Grows the perfect kind of flower
I don't want perfection
All I want is your reflection

And I don't need perfection
All I need is you
Cause you, keep me fascinated
Get it out and let me in
While I'm not for burning out I'm fadin away
Every petal over you
Like a metal over you shines
Every petal over you
Like a metal over you, shines
Youuuuu... keep me fascinated
Get it out and let me in
While I'm not not for burnin out, I'm fadin
Youuuu..... keep me fascinated
Get it out and let me in
