

# You Are My Winter

Dillon

And i swear i tried  
To kill what's inside I didn't make it in time  
Please come take all that's mine All i want is yours  
And how this hurts Alexander The streets, the summers, the anonymity  
Public transports, photobooths and galleries  
The zoo, the parks, apartments, the rooftops Architecture, hauptbahnhof, the balconies  
The winters, with me Alexander, you are my winter Alexander
