The Things You Do

Ellie Campbell

[j]: we gotta get down,we gotta get down
We gotta get,gotta get down,so what baby
Ellie c,ellie campbell too hot to handle
Ellie c,from the back to the front,from the back to the front(aha)
Ellie c,ellie campbell too hot to handle
Ellie c,from the back to the front,from the back to the front
It's the things you do
It's the things you do that make me(oooh yeah)
Wanna get with you baby(it's the things you do)
It's things you do that make me(ooooh)
Wanna take you home and drive you crazy
[j]: (what? come and check it out now)
Can you feel me watching you closely?
Did you know that I can't get no sleep?
So tell me what should I do?
Do you know what goes through my mind?
Is it true that you know what I like?
Well, let me give you a clue
[j]: (ellie c,tell them hell what it's gonna be)
Cause I keep day dreaming
And you couldn't imagine
The good good time I've been having
All alone, all alone(ahh aha yeah)
And it's funny somehow that I always knew we would get down to it
And you know, and you know
It's the things you do
It's the things you do that make me
Wanna get with you baby(wanna get with you)
It's things you do that make me
Wanna take you home and drive you crazy
I hear your name and my heart beats faster
Boy, your love is what I'm after
I just wanna get down with you(oooh hey)
Everyday the feeling gets stronger
Don't think I can wait much longer
Baby, you know that it's true
[j]: (ellie c,tell them hell what it's gonna be)
Cause I keep day dreaming

And you couldn't imagine

The good good time I've been having
All alone, all alone(ha aha yeah)
And it's funny somehow that I always knew we would get down to it
And you know, and you know
It's the things you do
It's the things you do that make me
Wanna get with you baby
It's things you do that make me
Wanna take you home and drive you crazy
I close my eyes
And dream that we were one
Somehow I knew the day would come
When you'd make my fantasy come true
Oh baby, it's the things you do
[j]: now I know that you've been watching me
Cause I've been watching you
Closely
Never sleep cause that's when you start to creep
Got my head goin' crazy wit' you runnin' thru my mind
I let you come inside
Tell me what I'm gonna find
Would you hit me with those
Freaky freaky
Things you wanna do to me
Tell me what's it gonna be?
Take a look, is this all that you need
All that you want
From the back to the front
If it isn't don't you wanna tell me now
Cause I gotta know
How the flow gets her where we wanna go
Open up your mind so I can check out your feelin'
We gotta make it real, let's quit the day dreamin
It's the things you do
It's the things you do that make me
Wanna get with you baby(wanna get with you)
It's things you do that make me(oooooh)
Wanna take you home and drive you crazy
It's the things you do that make me
Wanna get with you baby(wanna get with you)
It's things you do that make me
Wanna take you home and drive you crazy
