And if you got money you can come along too
It's "T" and i'm takin shots so you kno i'm through
I'm stumblin' in the club and i'm scuffin' up my shoes
And i'm like uh uh oh man and i'm feelin' real loose
I drunk a lot of drinks but i think it was that goose
Or maybe was a contact from puffin on that fruit
Naw i think it was that gin and that juice
But i'm like hold up let ya girl catch a breather
my back against the speakers my legs was gettin weaker
I'm posted like a meter my stomach's gettin deeper
I need another drink i'm gettin hot like a fever
Back in the club mr. bartender is fillin up my drink
Takin shots to the head drinkin jose man i'm feelin like i'm about to faint
I need you you need me so baby tell me what you think
we can meet in the bathroom gettin it crackin but i need another drink so Chorus I'm like
Ba ba bartender
let me get another one
let me get another one
i'm gettin scummy dummy dog
ba ba bartender
let me get another one
let me get another one
i'm getting scummy dummy dog
ba ba bartender hit me with another one
hit me with another one
i'm gettin scummy dummy dog
ba ba bartender hit me with another one
hit me with another one
i'm getting scummy dummy dog
