Lazy Moon

Gianluca Petrella

Cole-JohnsonLazy Moon come out soon
Make my poor heart beat warmer
Light the way bright as day
For my sweet little charmer
Shes to meet me in the lane tonight
If the sky is bright and clear
Oh moon dont keep me waiting here tonight
Watching and awaiting
Heart a palpitatin
Longing for my lady love so dear
Lazy Moon, Lazy Moon
Why dont you show your face above the hill
Lazy Moon, Lazy Moon
You can make me happy if you will
When my lady sees your light a peepin
then I know her promise shell be keepin
tell me whats the matter, are you sleepin
Lazy Moon
