## Sugarloaf

When I am lost you shine a light for me and set me free  
When I am low you wash away my tears and take me through  
The loneliness and emptiness through the darkest night  
Somehow I survive through it allWhen you tell me I'm the only one you need  
Sweet and tenderly and your love  
Breaks away the clouds surrounding me  
All I have I want to give to thee, oh babyIf I should fall your love is strong enough to lift me up  
If I'm afraid, oh baby you chase away my fears and take me to  
A brighter place beyond the rain and I feel alright  
Because you're by my side through it allAnd you tell me I'm the only one you need  
Sweet and tenderly and your love  
Breaks away the clouds surrounding me  
All I have I want to give to theeYou take me through the loneliness and emptiness  
And I feel alright 'cause you're by my side through it allYou tell me I'm the only one you need  
Sweet and tenderly and your love  
Just breaks away the clouds surrounding me  
And baby all I have I want to give to theeWant to give you all of my love  
Now and forever my love  
All I have I want to give to thee
