

# **Lonely**

## **Dima Bilan**

I just don't understand  
Why did you leave me like this  
    Come back to me  
I look but you're no longer here  
The love we made has disappeared  
    Where has it gone  
    My heart is thorn  
I wanted like it was before  
Release me from these arms that never loved me, never did  
    Give me the chance to get myself together once again  
    You have given me the sweetest pain  
    I can't escape  
    Or break this hold you have on me  
And when you do the game is through  
    Because of you  
    Im lonely x3  
Come take this feeling away  
    In lonely x3  
Come take this feeling away  
    This silence is killing me  
    I've lost all words  
    Can hardly speak  
You're not around to feel this pain  
    My heart is cold  
    I miss your face  
Release me from these arms that never loved me, never did  
    Give me the chance to get myself together once again  
    What you have given me is here to stay  
    I can't escape  
    Open this hold you have on me  
And when you do the game is true  
    Because of you  
    Im lonely x3  
Come take this feeling away  
    In lonely x3  
Come take this feeling away  
    Im lonely  
What you have given me is here to stay  
    I can't escape

Open this halt you have on me  
And when you do the game is true  
Because of you  
I'm lonely x3  
Come take this feeling away  
I'm lonely x3  
Come take this feelng away  
I'm lonely
