The Future Belongs to Us

Audio Bullys

If I could get back home
Back to where I used to be
Stand there in the mirror
And all I could see is me
If I could only lose control
Just for this one day
I not feel so damn paranoid what people do or say
If I could only turn back time
Than man I never would
Cause the future's all we got man
We got to make it good
If I could up and fly
Across the city at night
Look down on the palace
And on the bridge lights
The future belongs to us
The future belongs to us
The passage is today
And it's only yesterday
The future belongs to us
The future belongs to us
The passage is today
And it's only yesterday
If I made a master plan
To take the world by storm
Live life like holiday
What trains guns are gone
If I live life in a film
I wonder who I'd play
The person might become me
And change me day by day
If the story kept on changing
And the characters went mad
I'd jump back out the tv
To escape from feeling bad
Lets see where it can take us
These pictures in my mind
Lets make it moves us forward
To the brightest days of time

The future belongs to us
The future belongs to us
The passage is today
And it's only yesterday
The future belongs to us
The future belongs to us
The passage is today
And it's only yesterday
Cut the mid-range
Shits changed
Unlock the brain
Liquid words flow down the drain
Cruise the roads
I'm off to rain
Cut the mid range
Push the game
Strike now it's not the same
Long lost prophets ride the ghost train
REPEAT ride the ghost train
