Little Lies

Spanic Boys

Verse 1:
everything is beautiful,
cotton fields
the open road.
the radio plays a song
we both know we don't sing along.
Chorus:
la la la la la la la these little lies
la la la la la la la these little lies
la la la la la la la these little lies
la la la la la la la these little lies
Verse 2:
words can be daffodils
or a fire in an open field
I'm sittin here in the ash
Chorus:
la la la la la la la these little lies
la la la la la la la these little lies

la la la la la la la these little lies
la la la la la la la these little lies
Bridge:
there's a devil on my shoulder baby
oohooh
and i believe too many things he says
yeah yeah yeah
I'm fighting these fears
as i find them true
and I'm sorry for hurting you
Chorus:
la la la la la la la these little lies
la la la la la la la these little lies
la la la la la la la these little lies
la la la la la la la these little lies
la la la la la la la these little lies
la la la la la la la these little lies
la la la la la la la these little lies
la la la la la la la these little lies.....
