

Revolution (Drek Martinez Remix)

Diplo

Can you see it?
The worst is over
The monsters in my head are scared of love
Fallen people, listen up!
It's never too late to change our luck So don't let them steal your light (Eh eh eh eh eh eh eh)
Don't let them break your stride (Eh eh eh eh eh eh eh)
There is light on the other side
And you'll see all the raindrops falling behind
It's a revolution
Make it out tonight
It's a revolution
(It's a rev)
It's a reva (rev, rev, rev)
It's a reva Can you see it?
The worst is over
The monsters in my head are scared of love
Fallen people, listen up!
It's never too late to change our luck So, don't let them steal your light (Eh eh eh eh eh eh eh)
Don't let them break your stride (Eh eh eh eh eh eh eh)
There is light on the other side
And you'll see all the raindrops falling behind
It's a revolution
Make it out tonight
It's a revolution
It's a reva (rev)
(It's a rev)
