

No Harm

Faust

Maybe there's no use
In things being like they used to
And maybe there's no use
In the way it was before
And if I found time
We'd go away with your way
And if we found time
I'd want it more and more
And maybe there's no harm, there's no harm, there's no harm in -
Maybe there's no harm, there's no harm in you
And maybe there's no harm, there's no harm, there's no harm in -
So watch what you say,
There's a beast that's in me.
I'm the true recluse
Blissful as a loner
And all that we have left
Is never like before

Delivered on a word
Never near the target
Seen for what it was
And never eye to eye
And maybe there's no harm, there's no harm, there's no harm in -
Maybe there's no harm, there's no harm in you
And maybe there's no harm, there's no harm, there's no harm in -
So watch what you say,
There's a beast that's in me.
(ohhhh...)

You stand by watching the world let me down
And maybe there's no harm, there's no harm, there's no harm in -
Maybe there's no harm, there's no harm in you
And maybe there's no harm, there's no harm, there's no harm in -
So watch what you say,
There's a beast that's in me.
(ohhhh...)
