

#GETITRIGHT

[Miley Cyrus - www.musicasparabaixar.org](http://www.musicasparabaixar.org)

I feel a surge coming over me
I feel it all around my thighs
And chills going up my legs
This is the worst coming out of me
When I can't tell, felt like I could die yeah
And it sends chills up my spine

Your're sexy sexy
I got things I want to do to you
Make me make me
Make my tongue just go do-do-do
Flex it, flex it
Flex your muscles, and through the roof
Arrest it rest it
'Cause you're a criminal

I been laying in this bed all night long
Don't you think it's time to get it on
But we gotta get it right, we can't get it wrong
Don't you want to feel this fire before it's gone yeah yeah

I feel the thirst pouring out of me
For things that I wanna try
That echoes in my head
This is the first time I get to see
Things I've never seen in my life yeah
You make flowers grow under my bed yay

Your're sexy sexy
I got things I want to do to you
Make me make me
Make my tongue just go do-do-do
Flex it, flex it
Flex your muscles, and through the roof
Arrest it rest it
'Cause you're a criminal

I been laying in this bed (this bed) all night long (all night long)
Don't you think it's time to get it on yeah
But we gotta get it right (get it right) we can't get it wrong (can't get it wrong)

Don't you want to feel this fire before it's gone yeah yeah

Do you feel me?

Oh

I thought so

I just oh

Sometimes you just wanna

Uh be naughty

I feel so alone when you were gone

Feeling right back home when I'm in your arms

You played my strings like my guitar

When I look in your eyes I see all the stars

Would you believe

I'm dancing in the mirror (dancing in the mirror)

I feel like I got no panties on

I wish that I could feel ya (wish I could feel ya)

So hurry, hang up that damn phone

I been laying in this bed (this bed) all night long (all night long)

Don't you think it's time to get it on

But we gotta get it right, we can't get it wrong

Don't you want to feel this fire before it's gone yeah yeah

On and on, and make it last forever

What you want all day

Just as long as it's you and I together

Babe don't make me wait yeah

Don't make me wait yeah

Don't make me wait

No
