

# Making Time

## The Creation

Making time  
Shooting lines  
For people to believe in  
Things you say  
Gone in a day  
Everybody leavin'  
Everybody leavin'

Why do we have to carry on?  
Always singing the same old song  
Same old song  
The same old song

Tellin' lies  
Closing your eyes  
Making more excuses  
Pullin' the wool  
Actin' the fool  
People have their uses  
People have their uses

Why do we have to carry on?  
Always singing the same old song  
Same old song  
The same old song

Lookin' for  
An open door  
Never taking chances  
Take your pick  
Makes you sick  
Seekin' new advances  
Seekin' new advances

Why do we have to carry on?  
Always singing the same old song  
Same old song  
The same old song
