

Kids

Home Grown

Hey, think back when you were just a little kid, yeah
When everything that you did, you always had fun
Lincoln logs and Tinker Toys
At school the girls would chase the boys
For some dumb reason
I always ran Kids just havin' fun
Nothing on our minds
Never on the run
Always havin' a good time
A good time Hey think back when, you first started Kindergarten
When everyone in your class, was your best friend
Dig a ton of tunnels in the sand
Painting pictures for our moms and dads
Knowing that they would be so proud
That "Kid" resides in all of us, let it resound Kids just havin' fun
Nothing on our minds
Never on the run
Always havin' a good time
A good time A good time
Always havin' a good time
Never wanting to grow old
Never wanting to grow old Kids just havin' fun
And nothing on our minds
Never on, never on the run
And always havin' a good
Always havin' a good time A good time
A good time
Always havin' a good time
Never wanting to grow old
