Kids

Home Grown

Hey, think back when you were just a little kid, yeah
When everything that you did, you always had fun
Lincoln logs and Tinker Toys
At school the girls would chase the boys
For some dumb reason
I always ranKids just havin' fun
Nothing on our minds
Never on the run
Always havin' a good time

A good timeHey think back when, you first started Kindergarten When everyone in your class, was your best friend

Dig a ton of tunnels in the sand
Painting pictures for our moms and dads
Knowing that they would be so proud
That "Kid" resides in all of us, let it resoundKids just havin' fun

Nothing on our minds

Never on the run Always havin' a good time

A good timeA good time

Always havin' a good time

Never wanting to grow old

Never wanting to grow oldKids just havin' fun

And nothing on our minds

Never on, never on the run

And always havin' a good

Always havin' a good timeA good time

A good time

Always havin' a good time Never wanting to grow old
